

ANNOUNCEMENT

The publishers regret an error in the July 1964 issue, improperly noted as Volume 42, Number 7.

The July 1964 issue of The Journal of Investigative Dermatology should be labeled Number 1 of Volume 43.

PSORIASIS RESEARCH AWARD

The Department of Dermatology, Baylor University College of Medicine, Houston, Texas, announces the Mr. and Mrs. J. N. Taub International Memorial Award for Psoriasis Research.

This annual award of One Thousand Dollars was established in 1957, by Carol and Henry J. N. Taub in honor of their grandparents, Mr. and Mrs. J. N. Taub. The establishment of this ten-year program carried with it the hope that the award will be the instrumentality by which a cure may be developed to alleviate one of the problems of mankind.

The award is designated for the individual or group who had done the most outstanding investigative work in this field. Results of the research must have been presented before a dermatological medical society or published in one of the recognized medical journals during the calendar year. The name of any applicant for the award, together with supporting data, should be submitted for consideration by December 31 of the same year.

The recipient of the award will be determined by a committee composed of seven men. If in the opinion of the committee a given calendar year fails to yield a deserving contribution, the award will not be given.
